

LICENCE OF SOFTWARE FROM TSIEN (UK) LIMITED (COMPANY NO. 02350272) of 41 St. Mary Street, Ely, Cambridgeshire CB7 4HF.

1. GRANT OF LICENCE

1.1 Tsien, as licensor, grants to you, the licensee, a non-exclusive non-transferable licence (a) to use and display one copy of the BoardMaker3 software (the "Software") on a computer with only one workstation at a single location and (b) to install and use the relevant hardware key ("Dongle") to facilitate use of the Software on that Computer. If you already have an authorised hardware key that facilitates use of the Software Tsien may permit you to use that key in which case no additional deposit will be payable and the terms of this licence shall apply to that key. Tsien, however, reserves the right at any time during the term of this licence (or a renewal) to supply and require you to use a Dongle and pay a deposit. You are granted no rights other than as expressly granted under this licence.

1.2 You may make one copy of the Software in machine-readable form for back-up purposes only. You must reproduce on this copy Tsien's copyright notice (if any) that was on your original copy.

1.3 You may not transfer your rights under this licence to another person. Nothing in this licence shall confer on any third party any right to enforce any term of this licence under the Contracts (Rights of Third Parties) Act 1999.

2. OWNERSHIP Tsien retains copyright and title in and ownership of the Software and all subsequent copies of the Software, regardless of the form of media in or on which the original and other copies may exist. This licence is not a sale of the Software or any copy thereof. Tsien at all times remains owner of the Dongle.

3. RESTRICTIONS As licensee, you may transfer the Software and Dongle from one computer to another (provided that the latter computer has only one workstation). You may not distribute copies of the Software or any accompanying written materials to others. You may not modify, adapt, translate, reverse engineer, decompile, or disassemble the Software or Dongle nor create derivative works based on the Software, except to the extent permitted by and in accordance with applicable law.

4. TERM AND TERMINATION

4.1 The Commencement Date shall be the first day after the Dongle is delivered (if one is required) and the Software is made available (whether following receipt of e-mail, disk or other media containing the Software) for installation on your computer.

4.2 This licence shall continue for 1 year from the Commencement Date. It shall then automatically renew for consecutive 1 year periods, provided that Tsien has not given you a termination notice and you have paid the then current licence fee. The licence will terminate automatically without notice from Tsien if you fail to comply with any of the licence provisions.

4.3 Upon termination for whatever reason, you shall return, or at Tsien's discretion, destroy the written materials and all copies of the Software, and return the Dongle to Tsien. Where the licence is terminated and you are not in breach and have returned the Dongle to Tsien, you are entitled to request repayment of the deposit paid to Tsien in relation to the Dongle.

5. WARRANTY AND SUPPORT

5.1 Tsien warrants, should the original copy of the Software be provided on disk, that the disk on which the Software is recorded is free from defects in materials and workmanship under normal use and service. If not, your exclusive remedy shall be either return of the purchase price or at Tsien's option replacement of the disk.

5.2 If failure of the disk has resulted from accident, abuse, or misapplication, Tsien shall have no responsibility to replace the disk or refund the purchase price.

5.3 You have a 14 day test period following the Commencement Date to determine whether or not the Software is suitable for the purposes for which you acquired it. If you determine that the Software is not suitable you may notify Tsien of your decision not to continue the licence. If notification is received by Tsien (by e-mail, fax or post) within the test period, and the Dongle is forthwith delivered to Tsien, Tsien shall refund the licence fee and deposit. Tsien has no knowledge and shall not be deemed to have knowledge of the purposes for which you acquired the Software.

5.4 During the term of the licence Tsien will support your use of the Software by liaising with you on errors in the Software, advising on use or interpretation of written materials provided with the Software, and providing (in Tsien's sole discretion) patches, enhancements or updates to the Software. Support will be provided by e-mail or telephone communication. Tsien makes no warranty in relation to such support. Should Tsien determine the Dongle has failed it will, in its sole discretion, repair or replace it and in respect of replacements may require payment of a further deposit.

6. LIABILITY

6.1 Save as expressly provided above, Tsien does not make to you or to anyone else any representation, warranty, condition or other term (whether as to satisfactory quality, fitness for a particular purpose or otherwise), and all such representations, warranties, conditions and terms express or implied (whether by common law, statute, collaterally or otherwise) are hereby expressly excluded.

6.2 Tsien shall not under any circumstances, save for negligence giving rise to death or personal injury, be liable to you or to any third party for any consequential, incidental, indirect or special damage, even if Tsien has been informed of the likelihood of such damage occurring. In no circumstances, save for negligence giving rise to death or personal injury, shall Tsien's liability howsoever arising under or in connection with this licence exceed the licence fee.

6.3 No dealer, distributor, agent or employee of Tsien is authorised in any way to vary or increase the scope of this licence, and you may not rely on any information or advice whether oral or in writing to such effect.

6.4 This licence does not affect or prejudice the statutory rights of a consumer, being a person acquiring the software otherwise than in the course of a business.

7. UPDATE POLICY Tsien may from time to time in its discretion create and make available to you updated versions of the Software. No additional licence fee shall be payable for use of such updates, and, for the avoidance of doubt, the use of updated versions of the Software shall be governed by this licence.

8. GENERAL

8.1 This licence supersedes and cancels all previous agreements and working arrangements whether oral or written, express or implied between the parties in respect of the licensing of the Software.

8.2 Any variation of any of the terms and conditions of this licence shall not be effective unless in writing signed by both parties (in the case of Tsien being signed by a duly authorised representative of Tsien).

8.3 The construction, validity and performance of this licence shall be governed in all respects by English law and the parties hereby agree to submit to the non-exclusive jurisdiction of the English Courts.

9. ACKNOWLEDGMENT You acknowledge that you have read this licence, understand it and agree to be bound by its terms and conditions.
